

Introduction

This typeface, named "Arcanea", is designed and distributed by Daicu Eduard, hereinafter referred to as the "licensor and author". This license agreement grants the right to use the typeface to the individual, hereinafter referred to as the "licensee."

This typeface, named "Arcanea", consists of two individual, similar **fonts**:

- ❖ **The Haari**
- ❖ **The Arcaeea**

Both fonts follow the same sharp, square design, but are functionally different. While **The Haari** is a 1:1 replica of the English alphabet, **The Arcaeea** is a runic-like alphabet, formed of 26 symbols, each representing a group of vowels and consonants.

A complete and thorough guide to using The Arcaeea, called **The Alphabetar** can be found on the [official release page](#).
